

Maybe you're looking to re-train your workforce. Pull out all the stops to fulfil a huge order. Halve your carbon footprint. Or get lean.

At EEF, we know that every manufacturer in the UK has stories like this to tell. Stories we want everyone to hear.

That's why we set up the Future Manufacturing Awards. Your story could win you one of our Future Manufacturing Awards, as well as valuable recognition for your business and your people.

Our winners last year included small family-owned businesses as well as huge multinational giants. All they had in common was the passion to try something different – and tell us about it.

So what are you waiting for?

**YOUR INDUSTRY.
YOUR PEOPLE.
YOUR EEF AWARDS.**

WHAT'S YOUR STORY?

Every day, on every shop floor in Britain, manufacturing companies are reinventing and innovating so they can compete with the best in the world. *Companies like yours.*

Enter the 2010 Awards and tell us about it, like these manufacturers did last year...

“I’m ecstatic to receive this prestigious award. It was an occasion I’ll never forget. I am very proud to have been chosen.”

Anton Barrick, Final Year Apprentice, Perkins Engines Company Ltd.
2009 National Winner, EEF Outstanding Achievement by a Final Year Apprentice Award

“Winning has boosted this staff morale, improved our relationships with existing customers and is helping us win new ones.”

James Lampe, Sustainability and Cost Controller, Framptons Ltd.
2009 National Winner, EEF Environmental Achievement Award

Start telling your story at www.eef.org.uk/awards

How to enter

Our awards reflect the no-nonsense approach of our industry. We don’t waste your valuable time with over-complicated entry forms and then charge you a fortune to enter. Instead, entry couldn’t be simpler and it won’t cost you a thing.

Just go to www.eef.org.uk/awards and download the entry forms for the categories you want to enter.

Anyone can write the entry too – there are no prizes for purple prose, we just want to hear your stories of inspiration and perspiration and reward the people involved.

Go to www.eef.org.uk/awards and start telling us your story.

Chair of Judges:

Cranfield
UNIVERSITY

Why enter?

- It won’t cost you a penny
- It will help you stand out in a busy marketplace
- You’ll be recognised for best practice
- You’ll attract good people to your team
- Lets you talk about what you do, both locally and nationally

Categories

Our four *Future Manufacturing Awards* categories cover **Enterprise, Environment, Innovation and Apprentices**. They give you a fantastic opportunity to showcase everything that is great about your company and our industry.
